1. Qualifying & Power Stage – Rally Guide Art 9 & Bulletin 1

Amend Point 2 – Qualifying will use the same route as SS2 (instead of SS1)

The Power Stage will be the same as SS2 with an additional loop which will be the same as one lap of SS1 (see attached diagram).

The point at which the Power Stage route joins the SS1 stage route will be at the main junction adjacent to the large Marquee. Crews will be required to turn 180 degrees around a plastic drum in the centre of this junction.

The position of the drum will be marked on the roadway and any crew hitting this drum such that the marking is exposed will be penalised 30 seconds to be added to their Power Stage time.

Organisers nominate Kim Marchant, Deputy Clerk of Course, as a Judge of Fact to determine if the drum has moved.

Following the Qualifying those crews eligible to compete on the Power Stage will be taken out in convoy to view the 180 degree turn.
