1 Amendments to Section E, Article 1(a) of the Supplementary Regulations

1. Safety Procedures

a) Flags/Lights/Safety Triangles

The display of a white flag at the start or SOS Point means that a Medical Intervention Vehicle (MIV), fire rescue or ambulance vehicle is on the Targa stage. When a yellow/orange light is displayed before the scene of an incident competitors are required to slow down immediately to 60km/h, and proceed past the incident. Once past the incident, competitors may resume at 'competition speed'. No overtaking is permitted in the area between the flashing light and the incident. Competitors observed by an official not complying with this regulation will be charged and brought before the Stewards who may impose a penalty up to exclusion.

The yellow flag is a signal of danger and if shown you **MUST** slow down immediately to 60km/h. Do not overtake and be prepared to stop or change direction. There is a hazard beside or partly on the stage and/or officials may be working on or beside the stage.

On passing a displayed yellow flag, you must follow the instructions of any marshals or course car drivers he/she encounters. Flags will be displayed at all SOS points on the Stage.

Failure to comply with this rule will entail a penalty at the discretion of the Stewards.

When safety triangles are displayed it is the following competitors' responsibility to reduce their speed until they are past the incident for which the safety triangles have been displayed. Failure to do so will result in a penalty being applied by the Stewards. Failure to remove safety triangles after an incident has been cleared will result in the offending competitor being penalised by the Stewards.
